Membership Application Form Conditional Vehicle Registration

If you intend to apply for Conditional Registration in the future, you must obey the current Registration Act and Club rules that apply.

WHAT IS CONDITIONAL REGISTRATION?

A conditional type of registration open to vehicles manufactured over 25 years ago, that are not driven daily. Conditional Registration is significantly cheaper than regular SA vehicle registration but a number of conditions apply that restrict the use of the vehicle to 90 days per year. Only vehicles that are owned by members of recognized car clubs are eligible. Other conditions also apply - a brief summary of these is below:

HOW TO GET CONDITIONAL REGISTRATION:

1. Become accepted as a member of the club. You must also be a permanent resident of South Australia.
2. The Membership is not finalised until the Application is accepted at the next Committee Meeting and a MBCSA Membership Number is allocated by the Registrar.
3. Bring your full registration paperwork/proof of ownership and membership receipt/proof of membership to a general meeting. A Conditional Motoring Officer at the meeting will assist you with completing the MR334 form which is required for conditional registration.
4. Take your completed forms into a Service SA / Motor Registration Office. Your registration will be processed and you will be issued with a new registration form indicating that the car is registered as a conditional vehicle. It is a good idea to ask for the 'insurance extension' at this time, this does not cost extra but it means you can move your car onto the road or park it outside your house (if you need to shift vehicles in your driveway etc) without using one of your 90 days.
5. At the next general meeting, present your new registration paperwork to a Conditional Motoring Officer. You will be issued a log book and will need to pay \$5 to cover the cost of this logbook. Your car is only able to be driven once the logbook has been filled out and stamped by the Conditional Motoring Officer.

HOW TO MAINTAIN YOUR CONDITIONAL REGISTRATION

Once your vehicle has Conditional Registration, there are a few extra things you need to do compared to regular registration:

1. For every day that your vehicle is driven on public roads, you must fill out one entry in your logbook with the date, details of use (i.e. club run, buying petrol etc) and your signature. You must do this **before** you get on the road and have the log book with you wherever you go (you must be able to present your properly filled out logbook to a Police Officer on request).
2. You must maintain your club membership - June 30 is the end of the Club's financial year and all Club members are due for renewal at this time. If you do not renew your Club membership by June 30 of each year your registration will be invalid and you can no longer legally drive your car.
3. You must present your logbook to a Conditional Registration Officer EACH year to have it stamped and endorsed. Logbooks are only valid for a period of one year and must be stamped every year (it is a good opportunity to do this when you renew your membership at a membership renewal day or the May or June general meeting). Every three years, you will be required to purchase another log book (cost is \$5).

Should **any of these not be done** then the vehicle cannot be driven as **the vehicle is technically unregistered**, regardless of it having a current registration certificate from Services SA / DIT.

OTHER IMPORTANT NOTES:

- Country members (that is members living in post code areas indicated as country under the insurance rating) must send a stamped self-addressed envelope for the return of the logbook, registration papers and subscription receipt. They must also enclose \$5.00 if a replacement logbook is required.
- If a member sells a vehicle which is on Conditional Registration they must bring their log book to the next Club general meeting to have it cancelled.
- It is important that you fill out your log book and keep it with you in the car. If you drive your vehicle without the endorsement, and/or without filling out the trip details your vehicle is unregistered. Any outing even to buy petrol or to a mechanic requires the trip to be filled out, and becomes one of the 90 allowed outings for the year. If you are pulled over by the police you will be asked to present your log book and there are penalties if you cannot produce it or have not filled it out.

The Code of Practice for Conditional Registration has the full terms and conditions of Conditional Registration.
